FIFTEEN CENTS

4 killed in crash

Four residents of Antioch were killed last Friday night in a head-on collision on Grass Lake Rd.

The deaths shocked numerous Antioch families and friends of the victims.

Funeral services were held Tuesday for Gerald L. VanPatten, 40, of 465 First St., and his in-laws, Robert, 60, and Norma Garvin, 62, of 602 Highland Ave.

Mr. VanPatten was driving east on Grass Lake Rd., west of Golden Rd., when his station wagon was hit head-on by a convertible driven by Richard L. Long, 20, of 408 Lake Ave., Channel Lake.

WITNESSES SAID THAT Long's car was driving at a high rate of speed and passing another auto when it struck VanPatten's car.

Long also was killed and funeral arrangements reportedly are being made by the Barr Funeral Home in Antioch.

The car being passed by Long also was involved in the collision. It was driven by Thomas Cheverette, 17, of Lindenhurst. He was treated for injuries and released from St. Therese Hospital on Saturday.

Cheverette said he had just looked at his speedometer and was going 54 miles an hour. He said he saw Long's red Chevrolet come up from behind and that it passed him "like I was there waiting for him."

LAKE COUNTY SHERIFF'S police said another witness was westbound and reported that, moments before the collision, Long's convertible passed him "like he was standing still." This witness didn't see the collision but

came on the scene immediately after.

The crash happened at 8:20 p.m., police said.

Two years ago, in March, another Antioch couple, Elaine and James Palm, were killed in a head-on collision on Grass Lake Rd., east of Deep Lake Rd.

The driver of the other car, a 29-year-old Gurnee man, also was killed.

Mr. VanPatten was born Mar. 30, 1938 in Antioch and has been a lifelong resident.

He was a member of the Antioch Volunteer Fire Department and for many years a member of its water fight team.

He was a member of St. Ignatius Episcopal church and presently Junior Warden of the Church Vestry. Mr. VanPatten has served in the U.S. Army and has worked at the Grass Lake Lumber Yard since 1966.

He married the former Margaret (Peggy) Garvin on May 23, 1964 in Antioch. Survivors include his wife; four children, Jefferey, Jennifer, Julie and Jerry Lou, all at home.

Also surviving are his parents, Laurel R. and Hazel (Buchert) VanPatten of Antioch; one brother, Roger (Carolyn) VanPatten of Antioch; two sisters, Beverly (Bill) Turner of DeFuniak Springs, Fla. and Bonnie (Tom) Borla of Antioch.

Funeral services were held at 11 a.m. Tuesday at the Strang Funeral Home, 1055 Main St., Antioch, with the Rev. Theodore Bessette, pastor of St. Ignatius Episcopal Church of Antioch, officiating. Interment was in Hillside Cemetery, Antioch.

Thought for Today

After a particularly trying day, two teachers were discussing their hectic lives over coffee in the faculty lounge. Said Angie: "If there's anything to this business of reincarnation, I'd like to come back as a childhood disease."

WINTER RELEASED ITS GRIP last Friday and gave Antioch a balmy spring day with temperatures in the 70s. The kids were on Easter vacation - what the heck, they couldn't have concentrated in school anyway. Above, Jill Wingren showed her hula hoop skill to (in back, from left) Terry Wulf, Rachel Barre and Peggy Wulf.

THE WEATHER WAS RIGHT for skateboarding last Friday and Steve Nordstrom showed one way to do it, in the lot at Doc Jensen Park. (More spring pictures inside.)

School contests Saturday

Voters in the Antioch area will make three important school board decisions Saturday, but so far they have shown little interest in the elections.

There hasn't been much talk about the contests, nor much campaigning.

Some of the candidates have said, however, they are hoping their friends will come out and vote ... and not stay home as about 80 percent of the registered voters did in the recent county and state primary election.

VOTING HOURS ON SATURDAY will be from 12 noon until 7 p.m. Grass Lake and Emmons school districts will cast their ballots at those schools.

Antioch Grade School voters will have three polling

places: Channel Lake, Oakland and the Lower Grade School.

Voters in the high school district will make their decisions at Antioch High School, precinct 1: Pleviak school in Lake Villa, precinct 2, and B.J. Hooper school in Lindenhurst, precinct 3.

THREE MEN ARE seeking election in Antioch Grade School District 34. There will be two three-year terms opening up and the candidates are Robert N. Olson, Edward P. Haley and Clifton T. Glover.

Neither of the incumbents, Milo Bailey nor Robert E. Kelley, are running this time. Kelley was expected to seek another term but left Antioch about Apr. 1 because he accepted a job as chief tool engineer for a Boston, Mass., corporation, DESMA International.

THE ANTIOCH HIGH SCHOOL district also has three men seeking two three-year terms. Glen G. Moore is an incumbent, and there are two new candidates, Tony Starcevic and Richard J. Schlarbaum.

Moore, of Lindenhurst, has completed six years on the board. He is a representative for All-State Insurance, working out of the firm's Mundelein office.

Moore is secretary of the Lindenhurst sanitary district and recently was elected a Republican precinct committeeman in Lindenhurst.

STARCEVIC IS A VICE PRESIDENT of the State Bank of Antioch and a member of the village's planning commission. He also is treasurer of the Antioch Lions. Please turn to page 7

Jaycees, Vikings preparing for 'Las Vegas Night'

The Antioch Jaycees and the Antioch Vikings football sponsors have been working on the preparations for this year's "Las Vegas Night."

The prize committee has already obtained some prizes. Don Pittman Pontiac has donated a color television set "and that isn't the biggest prize planned for the night," Bill Groeninger, chairman of the event, said.

"Both organizations need your support if this is going to be a real success," he added. "This is our major fund raiser for the year and if the programs, which the Jaycees support, and the Viking football teams are going to continue they need you all to come out and have a good time."

Las Vegas Night this year is Saturday, Apr. 22 at St. Peter's Social Center. The fun begins at 7 p.m. and continues until all the prizes are gone.

THE PROCEEDS FROM last year's Las Vegas Night went to the Viking football program and the Jaycees. The Jaycees' money was used to support many activities in the community including:

- Financial and manpower support of the annual park program Easter egg hunt in Williams park.
- The annual Cubs baseball trip for 50 underprivileged youth in the Antioch area. The Jaycees take 50 teens to Chicago to see the Cubs play and treat the youths to a special day.
- The Jaycees contribute to two major mental health and handicapped programs in the state.
- The Jaycees support a team in the Little League, helping to provide recreation for Antioch youth.
- The Jaycees conduct a number of programs for their members which help to develop the leaders of the future in Antioch.
- The Antioch Jaycees have assumed a leadership position in the state organization and many members have received state-wide recognition for their efforts. They also hold leadership positions at the state and regional levels.

Tsarpalas builds for Baskin-Robbins

The man who is building a small shopping center on Orchard St. said he will be looking for tenants soon.

Angelo A. Tsarpalas bought the land just west of the new McDonald's Restaurant and is building a "31 flavors" ice cream store.

Tsarpalas, a general contractor from Glenview, said he probably will have five other smaller stores on the property. They might range from 750 to 1,000 square feet, he said, unless a tenant wants more space.

Tsarpalas said he plans to complete the buildings this summer. He said he has built "about 80 stores for Baskin-Robbins, including those in Round Lake and Zion."

At Monday night's village board meeting, Tsarpalas traded Antioch 20 feet of his property bordering on Orchard St. for 20 feet which the village owned in back to the south. This will allow the village some room for widening Orchard St. in the future.

Letters

Dear Editor:

Friday, March 31st, was a tragic day in Antioch, what with the needless loss of four lives, in the auto accident on Grass Lake Rd.

But, for the kindness of lady luck or Divine Guidance, whatever takes a hand in such things, there could have been another tragedy.

Those familiar with Main St. can picture the 24-foot Polson's Dietary Foods sign on the front of the 883 building. Early Friday morning Randy Polson was washing the windows, under the big sign, when a gust of wind or vibration from the street, something caused the big sign to fall. There lay Randy flattened on the sidewalk, dazed and unaware of what had happened. As luck, or Divine Guidance, would have it Randy suffered nothing more than a few bruises and a headache - it could have been tragic!

THIS BRINGS THE REASON for this letter. Like most everyone to whom I've talked, it has never really occurred to me what a threat it is, to the pedestrian, anything hung on the front of a building. Whether one considers a wall sign, a hanging sign, or for that matter, even the veneer being put on some buildings, anything that weathers or is affected by vibration sooner or later becomes a safety threat.

There has been considerable talk of banning hanging signs, but I don't know if this is the direction to take. Hanging signs, if they are a threat, are only one of many. I have no idea of the ramifications, but would think the village board could instigate a yearly safety inspection of building fronts which could certainly be done at a very nominal fee and might well be the protection warranted.

Inspection or not, a lesson has been learned by this one. No longer will I take for granted the condition of my own building front. My responsibility has really been brought home.

Jeane Dixon's bark is better than her 'psych.'

By JERRY PFARR

Ho hum, Jeane Dixon has made her annual predictions. "We will have contact with UFOs soon," said the woman who calls herself "one of the world's most famous psychics."

And, of course, President Jimmy Carter will be assassinated "unless he triples his security measures," Mrs. Dixon said.

YOU SEE, JEANE DIXON makes these predictions every year. The last time she was right was in 1963, and unfortunately it wasn't about the UFOs.

Nowadays, a psychic is pretty safe predicting that some nut will try to kill the President. And forecasting "contact with UFOs" is always good for headlines.

The truth is that Jeane Dixon isn't as psychic as our family dog, Sundae.

From inside the house, Sundae can tell (by the footsteps or something) which member of the family is coming home, or if it's a stranger.

By the sound of a car's engine as it pulls into the driveway, Sundae can tell if it's her master, her mistress, or a stranger.

SUNDAE IS NO WONDER DOG. She's no pedigree; she's a big, lovable mutt. Maybe you remember my telling you how she got her name.

We picked her up free at a farmhouse about four years ago and immediately, of course, everyone was trying to think of a name for the little puppy.

Speaking from wisdom born of experience, I said: "Let's wait a few days and then decide."

Meanwhile, my beautiful wife took her to a veterinarian for shots and things, and the animal doctor's aide asked:

"What's the dog's name?"

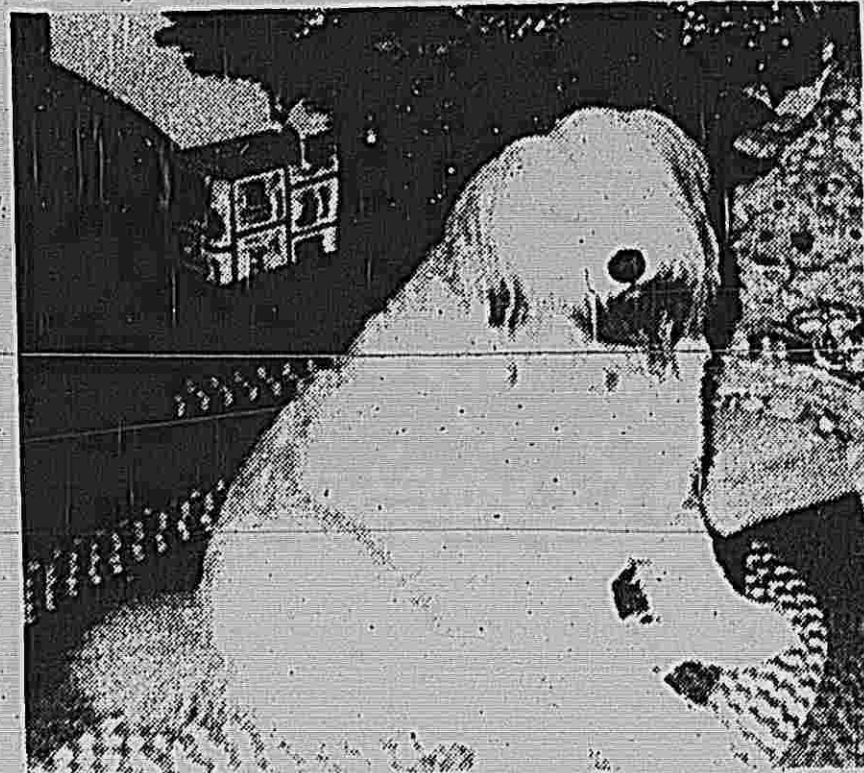

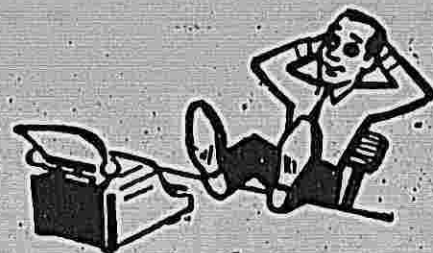

"We don't know yet," my beautiful wife said. "We're going to wait a few days and name her Sunday."

"That's a good idea," said the other lady. "Why don't you name her Sunday?"

So it became Sunday or, as they say at White's Ice Cream Parlor, "Sundae."

THE LADY WHO GAVE her to us said Sundae's mother was a collie. So we expected her to grow up looking like Lassie. But she turned out to be more of an English

the Piarr Corner

Sundae

sheepdog, which gives us a clue that her mother the collie wasn't too particular on those occasions when she was a lady of the street.

For some reason, known only to God and experts on animals, English sheepdogs have hair covering and protecting their eyes. So Sundae walks around the house bumping into furniture and, when you throw her a bone, it takes her several minutes to find it.

But, like most animals, she has psychic powers beyond those of humans.

JUST YESTERDAY I ASKED her:

"Sundae, if Jeane Dixon is psychic, would you please bark ... just once?"

She didn't bark. She just tilted her head from side to side and looked at me. Or maybe she was just trying to locate me.

70 YEARS AGO: APRIL 2, 1908

The amount of money that will be required to make the necessary improvements and for the running expenses for the village of Antioch for the coming year has been estimated at \$4,000.

Mr. and Mrs. Charles Hines of Chicago, moved Friday into the flat over Swan's drug store. Mr. Hines is employed as butcher in Shultis' market.

\$2.00, \$2.50 & \$3.00 Spring Derby Hats - Browns and Blacks at Webbs.

W.T. Taylor of Antioch selected as one of the four state delegates.

Entering the grocery store and meat market of Charles Petkus on Belvidere street, Waukegan, last Saturday night about eight o'clock, a tramp made a rather insistent demand that he be given enough money to return to Racine which he claimed as his home. He also asked for food. Both were refused him and he was later forcefully ejected from the store. A wild rumor had it that Mr. Petkus had been held up and robbed of \$50. Investigation showed that it was nothing more serious than before stated.

40 YEARS AGO: APRIL 7, 1938

In addition to a Boys' 4-H Club, Antioch is to have a Girls' 4-H Clothing Club. Much enthusiasm is being shown, especially among the girls of the Grade School, after Mr. C.L. Kutil spoke before the 6th, 7th and 8th grades several weeks ago.

S.E. Pollock gave a very interesting talk on "Spring Planting and care of Flowers," at a meeting of the M.E. Ladies' Aid, held at the home of Mrs. H.H. Perry Wednesday afternoon. The meeting was well attended.

Mr. and Mrs. William Kufalk and daughter visited friends and relatives at Lexington, Ill., Sunday. During the day they visited the hurricane area at South Pekin, and their auto was one of the 16,000 that crossed the river between 9 and 2 o'clock. Over a hundred state militia guarded the area and turned back 25,000 sightseers who sought to visit the storm-swept community.

Merle Cunningham and family moved yesterday from the Alvers house north of Antioch to the Wilton house at 264 Park avenue.

20 YEARS AGO: APRIL 3, 1958

The Antioch area Red Cross fund drive reached the half-way mark this week on its way to the \$1,000 mark, Mrs. Leslie Sorensen, chairman announced.

The Antioch Lions Club Community Service Corporation has now completed plans for the third season at the Antioch Aqua Center.

Kenneth Smouse, Antioch High School teacher, and last year assistant manager of the pool will be the new manager, replacing Warren Polley, who as Assistant Principal at the high school, no longer has time for this activity.

Varsity cheerleaders at Antioch High School for 1958-59 are: Elaine Christensen, Sharon Dittman, Charlene Keulman, Judy Maleck, Kathy Sershon and Lynne Vessenmeyer. Judy Maleck will be head cheerleader.

Vince Lloyd, WGN-TV sports commentator, who was the main speaker at the recent Antioch High School Athletic banquet held under the sponsorship of the Lions Club, presented trophies to Art Hanke, most valuable basketball player; Bill Hart, most valuable player; and Jerry Dittmer, Lang Memorial trophy for best free throw recrod. A.L. Dittman, is president of the Lions Club as well as principal of the high school.

10 YEARS AGO: APRIL 4, 1968

One hundred and four blue ribbons were awarded to Lake County amateur artists in the tenth annual Town & Country Art show held Tuesday and Wednesday on the Lake County Fair Grounds. Antioch winners in the Senior Division were Shirley Grego, Anders Nordling, Barbara Siebman, Betty Vanderkloot and Dr. James Kopriva, who won three blue ribbons for three water colors.

Mr. and Mrs. James Eng, proprietors of the Canton Tea Garden, 898 Main St., Antioch, will hold a grand opening of their new restaurant on Saturday, April 6.

Along the way with Annie Mae - Dr. Edward Warner is sporting that California tan after a 10 day convention stay! Got the word this week that Mike Haley drew Korea as his tour of duty for 13 months. After some research work we found out the Russ Stowes removed their Christmas tree out of the living room April Fool's Day.

Village gets \$77,500 to study its sewers

The village of Antioch heard from Sen. Charles Percy's office Monday ... good news, to the tune of \$77,500.

The money will come from the federal government as a "construction grant" to study the village sewer system.

The sewers will be "televised," among other things, to determine where problems exist. Once the study is completed, the village can apply for more money to repair the sewers.

A PROFESSIONAL ENGINEERING firm from Sheboygan, Wis., will do the initial study.

The \$77,500 is the result of Antioch applying for a "sewer system evaluation survey." Oakwood Knolls subdivision, for example, has some sewer problems.

The municipal wastewater treatment plant also will be evaluated to determine if it is adequate for future needs. The future population to be served by sewer and treatment plant facilities will be considered.

The result should be good "water quality" for the village.

ENVIRONMENTAL IMPACTS upon air, water and

land quality, as well as plant and animal "communities," will be part of the study.

The engineers will examine certain sections of the village sewer system to determine the flow rate and cost of correcting infiltration problems.

Club and a member of the Rotary Club.

Recently, Starcevic, who was the charter president of the Antioch Jaycees, received an ambassadorship award from the Illinois Jaycees. He is one of only 35 men in the state who have received that award.

Schlarbaum is the manager of Antioch's Ace Hardware store and has been active on the high school district's vocational-technical advisory committee.

AT GRASS LAKE SCHOOL, Jeanne Handschiegel and Susan M. Lloyd are seeking re-election to three-year terms on the board of education. The other candidate is Robert W. Mattson.

Mrs. Handschiegel has been president of the school's Parent-Teachers organization, a room mother and a member of the school board for five years.

Mattson is a past president of the district's Parent-Teachers group.

There is no contest in the Emmons school district.

The two persons whose terms are expiring are Richard Ruck and Ron Sheedlo. Ruck is seeking re-election but Sheedlo isn't. The latter's seat will go to Donald Lessard, the only candidate in addition to Ruck.

Another garage burns, arson is suspected

For the fourth time in a week Antioch firemen had to fight a blaze at a storage garage, increasing the suspicion that an arsonist may be at work here.

The latest fire, on Tuesday night, Mar. 28, destroyed a garage owned by Robert G. Lemke, a mason contractor.

Fire Chief Tod Mapletorpe said there are indications the fire was deliberately set. The building was engulfed in flames when firefighters reached the scene.

The building contained snowmobiles, bicycles, motorcycles, and scaffolding equipment used by Lemke's masonry firm. The fire was reported by a motorist.

The building was near Lemke's home on Old Spring Grove Rd., near Channel Lake, west of Antioch.

Lemke told authorities that the building had been locked but he found the doors open when he ran to the scene.

The chief said Antioch residents with barns on their property should call police if they see unidentified persons near their buildings.

"There have been three suspicious fires that damaged a barn, a storage building and a garage, before this one," Mapletorpe said. "We believe they may have been set."

Trustees not sure they want to play

Antioch's village trustees just smiled and shook their heads Monday night when they received a basketball challenge from Howard L. Schneider, mayor of Lake Villa.

Schneider noted what good friends the two communities are and suggested that they "enhance the alliance" with a sporting event -- specifically, basketball.

"Get a team of village officials together," Schneider suggested.

Trustee Barney Barnstable looked around the room, laughed and said:

"I suggest we look for some younger players."

Mayor Mike Haley was out of town, so the trustees decided to refer Schneider's challenge to him.

IN OTHER ACTION, the trustees accepted the lowest bid on a new police car. Out of six cars offered to the village, a 1978 medium-sized Chevrolet Nova was selected. Teresi Chevrolet will sell the car to the village for \$3,100, plus the trade-in of a 1976 Chevrolet Impala.

Monday's meeting was adjourned to next Monday, Apr. 10, when village officials set a date for the sale of bonds for the new fire-rescue building.

"Hermie" usually sleeps or walks around with a colorful shell on his back. "They make great pets," said Bob. "They're clean, odorless, disease free, not fussy eaters and require no paper training. Also, they don't chase cars or bark."

Monday, Antioch quits waitin' for the RTA

Two weeks of free fares and a dedication ceremony will highlight the beginning of the first RTA bus service in the Antioch area next Monday, Apr. 10.

The ceremony will begin at 10 a.m. Monday. Leon Kaye, public information officer for the RTA, said the event will include village officials and take place at the depot building, next to the water tower on Broadway St.

Two years ago, Antioch officials painted the depot red, white and blue and adorned it with a sign that says: "Waitin' for the RTA."

KAYE SAID THAT the RTA will good-naturedly attach another sign that says something like "the RTA is here!"

The two weeks of free fares, from Apr. 10 to 23, are being offered to riders of new routes No. 570 and No. 573 in order to encourage residents of western lake county to try the new service.

ALTHOUGH THE FIRST buses will leave on the new routes early Monday morning, the dedication ceremony won't be held until 10 so that RTA board members and state and local officials will be able to attend.

Prior to the ceremony, there will be coffee and rolls available across the street in the village hall, Kaye said.

Marilyn Sterbenz, village clerk, said coffee and rolls will be served at 9:30 a.m.

"I hear," she smiled, "they're going to have a cowboy and a cowgirl leading the RTA as it comes west into Antioch."

Route No. 570 will travel from Fox Lake to Grandwood Park. Along the route it will serve the Lakeland Shopping Plaza, Round Lake Beach, The Commons Shopping Center, Round Lake Park, and the College of Lake County. Special trips for commuters will be made to and from Antioch during the morning and evening rush hours to the Fox Lake Milwaukee Road train station.

Route No. 573 will travel from Channel Lake to Antioch to the Grayslake Milwaukee Road station. Areas served along the route include Lake Villa, Lindenhurst, the Linden Plaza, Grandwood Park, and the College of Lake County.

Special trips in both the morning and evening will be made to accommodate Milwaukee Road commuters.

"Everyone is invited to attend Monday's dedication," Kaye said.

Early in the morning, at 6:23 a.m., a bus will leave Oakwood Drive and North Ave. in Antioch and arrive at Cedar Ave. in Lake Villa at 6:34. From there it will reach Fox Lake at 6:45 to connect with the 6:50 a.m. Milwaukee Road train. From Oakwood, it will travel to Lakewood Drive, along North Ave. to Main St., and then south on Hy. 83 to Lake Villa.

A 6:33 p.m. bus will leave the Fox Lake depot, reach Lake Villa at 6:47 and Antioch at 6:57 in the evening.

ON WEEKDAYS, BUSES will leave Channel Lake (Rte. 173 and Lake Ave.) at 5:40, 9:05 and 10:40 a.m., and also at 3:05, 4:40 and 6:40 p.m. They will come to downtown Antioch, proceed to Oakwood Knolls, then Lake Villa, Lindenhurst and wind up at the College of Lake County in Grayslake.

Northbound buses will bring riders back from Grayslake via the same route.

RELAXATION

The popularity of bridge spans to the 1880's. The game was then known as "Biritch" or "Russian Whist." Auction bridge (highest bidder names trump) was introduced in 1904, but was swamped when contract bridge was devised by Harold S. Vanderbilt on a Caribbean voyage in 1925.

While we all hope for that perfect hand (all 13 cards in one suit) the mathematical odds against this are 158,753,389,899 to 1.

If you win the bid and are playing the hand, a good general rule to follow is to start playing your trump early. This is known as "dumping your trump" and will force your opponents to discard their trumps, too, leaving you in a better position during the game.

Engagement announced

Mr. and Mrs. William L. Thompson of Hawthorne Lane, Antioch, have announced the engagement of her daughter, Cindy Henderson, and his son, Dan Thompson.

The bride-elect will be given in marriage jointly by her father, Mr. Philip Henderson of Tucson, Ariz., and her stepfather, Mr. William Thompson, on June 3 at Prince of Peace Church in Lake Villa.

Miss Henderson and her fiancé are graduates of Antioch High School and Dan attended the College of Lake County prior to his employment as an electronic designer-draftsman for Electronic Counters

Cindy is assistant

Happenings AARP honors its charter members

INTEREST is being shown in the Apr. 29 woodcarving show sponsored by the Chain O'Lakes Woodchippers Club, spokesman Al Dittman said Tuesday.

Members will discuss details of the show at a meeting Wednesday, Apr. 12, at the First Bank of Antioch. They will meet in the community room at 7 p.m.

The completion of 13 years of service to area seniors, by five charter members, was the occasion of an anniversary party given by the Antioch chapter of the American Association of Retired Persons (AARP).

Members arrived at St. Peter's Father Frawley Hall in a festive mood, bearing delicious casserole dishes.

A feature item for the dessert was a huge strawberry shortcake, said to be larger than any previously seen by those present. The topping required 7 qts. of fresh strawberries, and 6 qts. of whipping cream. Joseph Neckers, a professional baker (retired), created the anniversary motif and the topping for the cake. He also

The Salmon Ladder

The finest salmon in the world are the Scottish fish, say the Scots, and nothing will prevent them trying to get back to their original home to spawn. But highland rivers have been diverted and glens have been turned into lakes and dammed to help the hydroelectric power system. And the salmon can't climb the dams.

At various places there are Salmon Ladders, series of artificially stepped pools which enable the salmon to bypass the dams.

Teacher's Scotch Information Centre points out that the most famous Salmon Ladder is at Pitlochry, the geographical center of Scotland. Behind the dam is a man-made reservoir. To help the salmon up to it, there are pools enclosed by glass and visitors can actually see the salmon going up from one level to another.

cut it into 148 large servings.

Luncheon was followed by a short ceremony in which president Esther Aiani presented portable radios to each charter member attending.

John Horan, Clara Wendt, Victoria and Joseph Anetsberger, and Clara Johnson were the recipients. Preston Reckers, vice-president of the State Bank, accommodated by taking pictures of the charter member group.

Entertainment was by our "Super Senior Choral Group," directed by Esther Aiani.

The 18-member choral group was accompanied by Emily Novotny on the piano and Virginia Necker on the drums.

A total of 96 members found themselves able to extend the anniversary celebration, and were fortunate enough to get tickets on Wednesday for a luncheon theatre party to see Susan St. James in "Ready When You Are."

The next meeting of the group will be held Tuesday, Apr. 11, at 12 noon, in Father Frawley Hall. Guest speaker will be Sam Leivick of the Lake County Mental Health Dept. Meetings are held on the second and fourth Tuesday of every month.

Facts & Fancies

It was due to a lot of hot air that man first flew. In 1783, two men floated over the streets of Paris in a balloon, feeding wood, straw and coal into a fire. Why? Hot air is lighter than cold air, and a balloon filled with it rises.

It was due to Galileo that we have thermometers to measure heat. He invented the first one 300 years ago. His was not very accurate, however. It only measured 10 different degrees of heat to span temperatures from the hottest to the coldest.

Park District referendum set for Apr. 22

Residents of Antioch village and township will vote Saturday, Apr. 22, on the creation of a park district.

At a public hearing in Waukegan, on Mar. 20, Circuit Court Judge Fred Geiger, approved the referendum.

Eight persons have taken out petitions to serve on the Park District. At the same time as the referendum, five commissioners will be voted in.

THE CURRENT FIVE members of the present village park commission are seeking election to the board. They are Clifton Houghton, Gordon Volling, Kenneth Longardner, Eunice Mueller and Marsha Starcevic. Richard Harland, Bernard Gutowski and Dale Frasch also are running for berths as commissioners.

Members of the present board are available to explain the referendum to interested groups.

"We're going to keep the tax rate at 32 percent or less," said Houghton, "which will amount to approximately \$30 to \$40 per year. It will give us the ability to add to the present programs. Now we are limited by lack of space and lack of money.

THE NEW PARK DISTRICT would include nearly all of the township.

There will be two polling places on Apr. 22. Precinct No. 1 is the Scout House. It includes all of the village of Antioch and all property east of the Soo Line Railroad.

Precinct No. 2 is Emmons Grade School. It includes all voters outside the village and living west of the Soo Line.

Antioch trustees have gone on record supporting the creation of a park district, urging a "yes" vote. They said the village would cooperate by donating its park land, including the Aqua Center.

Representatives of the village will attend a meeting Thursday at the township office on Rte. 173 to discuss the referendum.

MARGE GAA DOESN'T LOOK old enough to be a grandmother, but she certainly is enjoying 2-year-old, Keri, the daughter of Marge's son, Bill, and his wife Kathy. They

were out at Jensen Park last Friday, trying out the playground equipment on the first nice day of the year.

Antioch High ready for girls softball

Antioch High's girls softball team will play North Chicago here today (Wednesday), weather permitting.

The game is scheduled at 4:30 p.m. and so is a home game on Friday against Zion.

On Saturday, the Antioch varsity is slated to play at Libertyville at 10 a.m. and next Monday Warren is scheduled here at 4:30.

STEVE SCOTT WILL START his first season as head coach and says he is "very optimistic about this year's outlook."

"We have a fine group of girls this year," said Scott. "A total of 70 girls signed up."

Tryouts began for the varsity squad on Mar. 13. Scott is assisted by Julie Pederson. She will coach the frosh-soph squad.

All home games will be played at the Antioch Upper Grade School diamonds.

Speedway plans races Saturday

Waukegan Speedway is making final preparations for the opening of its 1978 stock car racing season.

The Speedway begins its 15th year Saturday, weather permitting, with late models and hobby stocks.

Gates open at 4 p.m., for practice and registration. Time trials start at 7 and racing begins at 8.

The super-modifieds will run Sunday along with the hobbies. Gates open at 6 with time trials at 7 and racing at 8.

ANNIE MAE

We have elections coming up Saturday in the various school districts and that will be a good time for all of us to show we're not indifferent.

There certainly was a lot of apathy shown when voters stayed away in droves during the recent primary election.

It's very important who we elect to our school boards, so find out who's running in your district, study the merits of the candidates and ... please ... get out and vote Saturday between 12 noon and 7 p.m.

A SPECIAL BIRTHDAY is coming up Saturday, Apr. 8, when Kelly Walker, the lovely little blonde from Salem, celebrates. (Kelly is the daughter of Linda Walker, our advertising manager.)

The Community Ecumenical Service at St. Peter's church on Good Friday was a beautiful event. If it's held again next year, you shouldn't miss it.

Four parishes and their choirs participated: St. Stephen Lutheran, United Methodist, St. Ignatius Episcopal and St. Peter's Catholic church. The pastors' messages were meaningful and it showed that Antioch is truly an ecumenical community - and that word means "of the Christian Church as a whole."

HAVE YOU NOTICED that, with the exception of a couple of candidates, the politicians in the April primary did a much better than usual job of taking down their signs and posters right after election day?

We did notice that on Hy. 83, between here and Lake Villa, two of the losers still had their signs up. I guess it's natural for the defeated ones to lose interest the day after election ... natural, but not nice.

Will Bears be frightened by our team?

Brad Ipsen, a member of the Antioch Chamber of Commerce committee planning the Friday, Apr. 21, basketball game between Antioch businessmen and members of the Chicago Bears football team, has announced the local roster for the game.

It will be played at 8 p.m. at the Antioch High School gym.

The Antioch team includes: Don Morris, coach; Jerry Pfarr, assistant coach; Richard Higgins, Bill Georgeson, Glenn Hendrickson, Ipsen, Bill Nauman, Mayor Mike Haley, Jim Fields, Pat Ryan, Chuck Miller, Al Anderson, Tim Osmond, Tom Kelly, Harold Knutsen, Ken Voss, Lou Korum, Laverne Woods, Frank Morici, Bill Seemann, Steve Mithelisch and Donald Zeman.

"So come on out and watch our 'super team' beat the pros," Ipsen said.

Tickets are \$6 in advance, \$3.50 at the door and are available at the First National Bank, the State Bank, the Savings & Loan, Umerick Lounge, Village Pub and the Chamber office (380 Main St., 395-3381).

Some of the Chicago Bears who might play here are Doug Plank, Dennis Lick, Bob Aveleni, Tom Hicks, Revie Sorey, Gary Fencik, Greg Latta, Allan Ellis, Doug Buffone and James Osborne.

THE SECOND GENERAL membership meeting of the Chamber will be held on May 11. The topic will be shoplifting and internal theft.

The speakers for the program will cover the current laws, how to handle shoplifters and possible ways to reduce theft.

PERSPECTIVES

Values

By DONALD COLE

Moody Bible Institute, Chicago

Have you ever heard a friend talking about his set of values? If he understood the words, what he meant was that he (or she) like everybody else, places a certain value on everything within reach. Everything has its specific value--no more and no less. Some things are worth a great deal whereas other things are relatively worthless, and taken together these things provide a person with his own set of values. What he thinks things are worth--whether material objects such as cars and houses, or abstract things such as a good name--the value he attaches to these things is his private set of values.

In some cases two or more persons may share the same basic values. It's even possible to talk about a society's values, meaning that an entire nation may place the same value on certain things. For example, in some lands respect for old age is taken for granted; it is one of society's values. In the United States there isn't much respect for old age; if it is a national value it is listed in the back of the book, far behind other moral values such as freedom to do your own thing. Its rating as a value depends entirely upon its position with respect to other values. For many, if not most Americans, freedom to do your own thing is worth more than a tradition of respect for old age. Respect for old age is therefore relatively worthless.

Relative -- that's the word. Values are relative, determined in every case by a thing's relationship to something else. Respect for old age, respect for the truth, honor--these things may have a certain value in a society, but if personal freedom ranks higher, these are worth less. Not worthless, to be sure, yet surely worth less. In a SET of values everything is pegged with respect to everything else. Building a set of values begins early in

life, and no doubt many influences contribute to the values one eventually holds. A great truth of the Bible, however, is that even a mature person can change his set of values. There was a man called Saul who did that. He even changed his name -- from Saul to Paul. Fairly near the end of his life he commented on the change in a letter to friends in Philippi. "Whatever things were gain to me," he wrote, "those things I have counted as loss for the sake of Christ" (Phil. 3:7). What did he mean? He meant that he had tossed out his old set of values and built a new one. High on the old set were certain privileges that did a lot for his ego, and qualities such as zeal and religious fervor that--for a time, at least--persuaded him that he was a big man in the kingdom of God. Then he discovered something, and that made all the difference.

What he discovered was a truth he should have known all the time -- that Jesus of Nazareth, whose followers he was hounding to death, was indeed the Christ, the long-awaited Messiah. From the golden hour of discovery to the day of his death, Paul's values were different. His personal pedigree no longer meant anything; it was worthless, and he cheerfully accepted the loss. His cherished reputation as a Pharisee was destroyed, and he accepted that loss also. Why? Because he had found a far greater treasure. He had found the Messiah -- Jesus of Nazareth, the Christ of God. Compared to Christ, Paul's former sources of joy and pride were worthless; he could no longer place any value on them. After all, what can be compared to Christ?

All about town ...

By LINDA WALKER

Bernie's Corner is busting out in all directions again. Timber Tables and Denny's Leather Shop are the newest additions.

Bob Gagnon and his wife, Faith, have a very interesting store behind the new Chew-Chew Train Caboose. Timber Tables is the name, and they handle exactly that - tables made from timber - in fact, the oldest lumber available, the protected sequoia redwood.

THE CLEVERLY DECORATED showroom has many sizes and selections of tables and clocks, but Bob has the facilities and know-how to custom-make your dream. Bob's sales pitch is great. While you tour his workroom, he tells the history of the sequoia, starting with John Clark's crusade to save the forests during the Civil War.

The laws are stringent now against salvaging the dead trees but, as Bob pointed out, they could become stricter which might prevent further access to the stumps and roots. We certainly hope not ... the art is too beautiful.

DENNIS WILLIAMS recently opened Denny's Leather Shop, kitty corner to Timber Tables.

Talk about custom engraved leather - Denny's work looks fantastic.

There is a variety of fine-tooled leather belts and wallets in stock. All you add is your name or initials for a personal touch.

Denny prides himself on his work and the fact that he will custom-make any leather item.

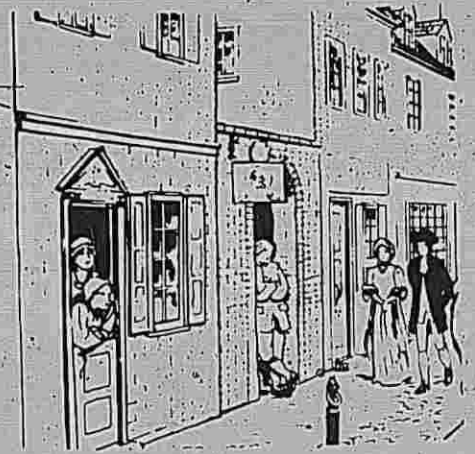

The best of luck to both new stores.

WOULD YOU LIKE to increase your cooking skills? David Mann is the man to see.

Dave operates "The Kitchen" in Spring Grove and will be starting day or evening classes Apr. 11. The cooking school is open to both beginners and pros who would like to spice up their meals.
